Metropolis Basin

PRODUCT Specification . . . Neo-Metro's patented (U.S. Design Patent 433743) conical shaped pedestal basin shall be manufactured entirely of 16-gage, type 304 stainless steel, with seam welded construction. Basin shall have a 1-1/2" (38mm) diameter drain opening for standard drain fitting. Basin shall be available with a 'D' shaped bowl (8930), a large 15-3/4" (400mm) round bowl (8931-RLL) or a small 11-1/2" (290mm) round bowl (8931-RLS). The fixture is available completely in a Satin Finish (-S), Satin Finish with a Mira (high polish) rim (-HPR), or completely in Mira Finish (-HPA). Customer

must also specify faucet mounting preference. A single hole faucet is available separately through Neo-Metro.

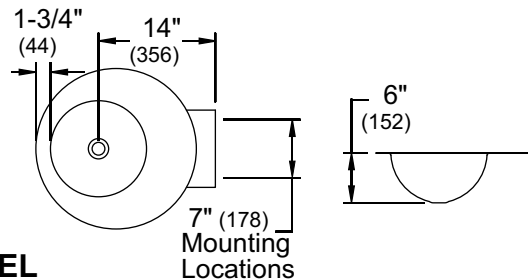

PLUMBING Specification . . . Basin shall be wall mounted and supported on floor. Concealed rear panel provides access to drain and P-trap (p-trap by others). 'D' Basin (8930) and 11-1/2" Round Basin (8931-RLS) can be factory punched with single hole or 6" (152 mm) center set (customer must specify at time of ordering). Holes punched for faucets are 1-5/16" (33 mm) diameter. The basin can be manufactured with an overflow outlet.
