

Airblade™ hand drying technology in a tap.

With Airblade™ technology in a tap, hands can be dried at the sink in 14 seconds.* There's no need to move to a separate drying area.

Neo-Metro® basins featuring the Dyson Airblade tap.

The Dyson Airblade tap faucet and hand dryer flaunts Neo-Metro's expertise in casting soy-based solid surface basins to create a cost-effective and easy-to-clean solution.
